INCIDENT BRIEF
ID: INC-2026-8801
2026-09-14 12:55 UTC

TRIAGE LEVEL: HIGH (100/100)

Why this incident is HIGH priority

Location: Sector 12, Prayagraj, Uttar Pradesh
Coordinates: 25.4358° N, 81.8463° E
Field Status: TRIAGED

EXPLAINABLE AI TRIAGE BREAKDOWN

Factor Evaluated	Points	Evidence Source	Operational Impact
Vulnerable resident present	+30	Speech & Manual	Elderly resident requiring emergency evacuation.
Medical assistance requested	+25	Speech / Field observation	Urgent health intervention or emergency medical transport indicated.
Building flooded / entrance breached	+20	Vision & Speech	Water entered ground floor living area.
Road blocked / route cut off	+15	Vision & Speech	Primary evacuation route submerged and impassable.
Severe floodwater evidence	+10	Vision (YOLOv8 & PidNet)	High surface water ratio (58%) with submerged vehicle.

CROSS-MODALITY EVIDENCE COMPARISON

Computer Vision (YOLO/PidNet)	Speech Audio (Whisper)	Human Field Entry
- Severe standing floodwater detected (Estimated surface ratio: 58%) - Partially submerged vehicle identified in roadway - Surface road impassable due to deep moving water - Ground floor building entrance breached by flood level	- Vulnerable person explicitly mentioned (elderly resident) - Medical aid or urgent evacuation requested - Water entering ground floor reported by caller - Blocked community transit route described	5 people affected - Vulnerable persons present: Yes - Medical emergency flagged: Yes - Road blocked: Yes - Water inside building: Yes

VERBATIM VOICE DISPATCH TRANSCRIPT

"Water has entered the ground floor. Five people are inside and one elderly resident needs assistance. The nearby road is completely blocked."

RECOMMENDED TACTICAL ACTIONS

- []

Deploy Evacuation Boat Team

Dispatch inflatable boat or high-clearance rescue vehicle for elderly occupant evacuation.
- []

Dispatch Emergency Medical Triage

Alert district emergency medical post with BLS kit and stretcher.

[] **Establish Route Bypass & Perimeter**

Coordinate traffic diversion around submerged Sector 12 access road.

[] **De-energize Ground Power Feed**

Request state electricity board de-energize sector feeder to prevent electrocution.

MANDATORY SAFETY ADVISORY: AI-assisted assessment — verify critical decisions with trained emergency personnel. Do not deploy hazardous operations solely on automated scoring.
